

## CHARTWELLS FOOD ORDER OPTIONS FOR SPOEDE VALENTINES PARTIES

Please designate ONE room parent from each class to order the class party food from Chartwells. Room parents may choose ANY food items on the list below that are cleared by Chartwells for their specific classroom allergies. Chartwells has the lists of allergies for every classroom and can approve your food requests via phone at least 5 days in advance of the Valentines Parties scheduled for Fri 2/10/12 (2:00-3:00 in the classrooms). You may also request other food items not on the list below and Chartwells can let you know if they can provide them, pricing, and allergy clearance by class. Please have all your food orders phoned in NO LATER than Mon 2/6/12; Chartwells appreciates early orders if possible. Chartwells' calendar generally follows the district's, so be aware that they are closed on Fri 2/3/12, but you can still leave VM or email (below).

- Phone Chartwells at (314) 983-5466 during their business hours (7:00AM-3:00PM), with the following info:
  - o Your name, ph# and address
  - o Your child's grade/class/teacher at Spoeede School
  - o Your need to have the food order delivered in time for the Fri 2/10/12 Spoeede Valentines Parties
  - o Your credit card (MC, Visa, Amex) and request to email you your receipt so you can be reimbursed from your class party funds. Your credit card won't be charged until the day of the party (2/10/12).
- Susan Kramer @ Chartwells will check her VM and call you back to confirm your order info, if necessary. You may also email her at [SKramer@ladueschools.net](mailto:SKramer@ladueschools.net).
- Your food order will be labeled with your class info and delivered to the Spoeede Cafeteria midday on Fri 2/10/12. If perishable items are included, they will also be labeled and left in the refrigerator in the back.
- You may also request that Chartwells send in plain plates, napkins, plastic utensils, etc. if they are required for your food order. In most cases, room parents prefer to buy holiday-themed paper products. If you are having the students frost/sprinkle their cookies, cupcakes, etc. it's a good idea for room parents to provide plastic spoons or knives.

Please be aware of Chartwells pricing when you plan your Valentines Parties. The original class party plans and budgets were designed when room parents purchased their own class food supplies at Walmart, etc. which is much cheaper than Chartwells. Now that water is the only approved food item that room parents can bring in themselves, the food cost of these parties will represent a larger portion of the limited class party budget. If possible, try to set aside at least \$50 for your year-end parties.
